... And malt does more than Milton can
to justify God's ways to man
-- A.E. Housman

Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

If you use logic you can solve the puzzle without guesswork.

Need a little help? The hints page shows a logical order to solve the puzzle. Use it to identify the next square you should solve. Or use the answers page if you really get stuck.

Of all the strange "crimes" that human beings have legislated out of nothing, "blasphemy" is the most amazing -- with "obscenity" and "indecent exposure" fighting it out for second and third place.
-- Lazarus Long

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
