Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

If you use logic you can solve the puzzle without guesswork.

Need a little help? The hints page shows a logical order to solve the puzzle. Use it to identify the next square you should solve. Or use the answers page if you really get stuck.

"Middle age is when you're sitting at home on a Saturday night and the telephone rings and you hope it isn't for you."  
 -- Ogden Nash

*There are three infallible ways of pleasing an author, and the three form a rising scale of compliment: (1) - to tell him you have read one of his books; (2) - to tell him you have read all of his books; (3) - to ask him to let you read the manuscript of his forthcoming book. No. 1 admits you to his respect; No. 2 admits you to his admiration; No. 3 carries you clear into his heart.*
