Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

If you use logic you can solve the puzzle without guesswork.

Need a little help? The hints page shows a logical order to solve the puzzle. Use it to identify the next square you should solve. Or use the answers page if you really get stuck.

A mother's happiness is like a beacon, lighting up the future but reflected also on the past in the guise of fond memories.
-- Honore de Balzac

If you lend a person any money, it becomes lost for any purposes of your own. When you ask for it back again, you find a friend made an enemy by your own kindness. If you begin to press still further -- either you must part with that which you have entrusted, or else you must lose that friend.
-- Plautus
