Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

If you use logic you can solve the puzzle without guesswork.

Need a little help? The hints page shows a logical order to solve the puzzle. Use it to identify the next square you should solve. Or use the answers page if you really get stuck.

When we looked at the life cycle in our 40s, we looked to old people for wisdom. At 80, though, we look at other 80-year-olds to see who got wise and who not. Lots of old people don't get wise, but you don't get wise unless you age.
 -- Erik Erikson
