Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

If you use logic you can solve the puzzle without guesswork.

Need a little help? The hints page shows a logical order to solve the puzzle. Use it to identify the next square you should solve. Or use the answers page if you really get stuck.

You understand human nature and sympathize with its weakness.

There is not a man in the country that can't make a living for himself and his family. But he can't make a living for them AND the government, too, the way his government is living. What the government has got to do is live as cheap as the people.
-- Will Rogers
