Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

If you use logic you can solve the puzzle without guesswork.

Need a little help? The hints page shows a logical order to solve the puzzle. Use it to identify the next square you should solve. Or use the answers page if you really get stuck.

Look at a football field. It looks like a big movie screen. This is theatre. Football combines the strategy of chess, its part ballet. It's part battleground, part playground. We clarify, amplify and glorify the game with our footage, the narration and that music, and in the end create an inspirational piece of footage.
-- Steve Sabol

Nobody suffers the pain of birth or the anguish of loving a child in order for presidents to make wars, for governments to feed on the substance of their people, for insurance companies to cheat the young and rob the old.
 -- Lewis Lapham
