Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

If you use logic you can solve the puzzle without guesswork.

Need a little help? The hints page shows a logical order to solve the puzzle. Use it to identify the next square you should solve. Or use the answers page if you really get stuck.

There's something peculiar about writing fiction. It requires an interesting balance between seeing the world as a child and having the wisdom of a middle-aged person. The further you get from childhood and the experience of the teenage years, the greater the danger of losing that wellspring.
-- Kazuo Ishiguro
