Just as there are three R's there are also three A's of business life. They are: Ability, Ambition, and Attitude. Ability establishes what a worker does and will bring him a paycheck. Ambition determines how much he does and will get him a raise. Attitude guarantees how well he does.

-- Wilbert E. Sheer

STATISTICAL ANALYSIS: Mysterious, sometimes bizarre, manipulations performed upon the collected data of an experiment in order to obscure the fact that the results have no generalizable meaning for humanity. Commonly, computers are used, lending an additional aura of unreality to the proceedings.
