Critics are a kind of freebooters in the republic of letters -- who, like deer, goats, and divers other gramniverous animals, gain subsistence by gorging upon buds and leaves of the young shrubs of the forest, thereby robbing them of their verdure, and retarding their progress to maturity.
-- Washington Irving

Work is of two kinds: (1) Altering the position of matter at or near the earth's surface relative to other such matter; (2) Telling other people to do so. The first is unpleasant and ill paid; the second is pleasant and high paid.

We lie about the truth, that's what ruins us here. And do you know why we lie about the truth? Not because we like to, but because we are scared to death of it. If we looked the truth in the eye nine out of ten of us would run to the graveyard and demand to be buried at once.
