Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

A real lady never asks, "Was ^{what} good for me?"

To be or not to be. That's not really a question. -- Jann-Luc Godard

We are all descendants of Adam and we are all products of racial
 miscegenation.
 -- Lester B. Pearson

Two sure ways to tell a sexy male: the first is he has a bad memory. I
 forget the second.
