

Kakuro #1

11x17 Kakuro Puzzles by KrazyDad, Volume 2, Book 46

2180, U.S. History question:
What 20th Century U.S. President was almost impeached and what office did he later hold?

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

Fourth Law of Revision:
It is usually impractical to worry beforehand about interferences --
if you have none, someone will make one for you.
