Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

Start with what is right rather than what is acceptable.

The fear of capitalism has compelled socialism to widen freedom, and the fear of socialism has compelled capitalism to increase equality. -- Will and Ariel Durant
