The keen spirit Seized the prompt occasion -- makes the thought Start into instant action, and at once Plans and performs, resolves and executes. -- Hannah Moore

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.
