Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

You will secure the greatest degree of happiness if you marry young.

Faith builds a bridge across the gulf of death. To break the shack blind nature cannot shun. And leads through smoothness on the further shore. -- Tennyson
