11x17 Kakuro Puzzles by KrazyDad, Volume 2, Book 92

© 2011 KrazyDad.com

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

Speak softly and carry a +6 two-handed sword.

The contest goes not always to the strong, nor the race to the swift, but that's still the way to bet.
