11x17 Kakuro Puzzles by KrazyDad, Volume 2, Book 98

*It is only the great men who are truly obscure. If they had not dared to be obscure, they could never have dared to be great.*  
-- Harlequin Ethics

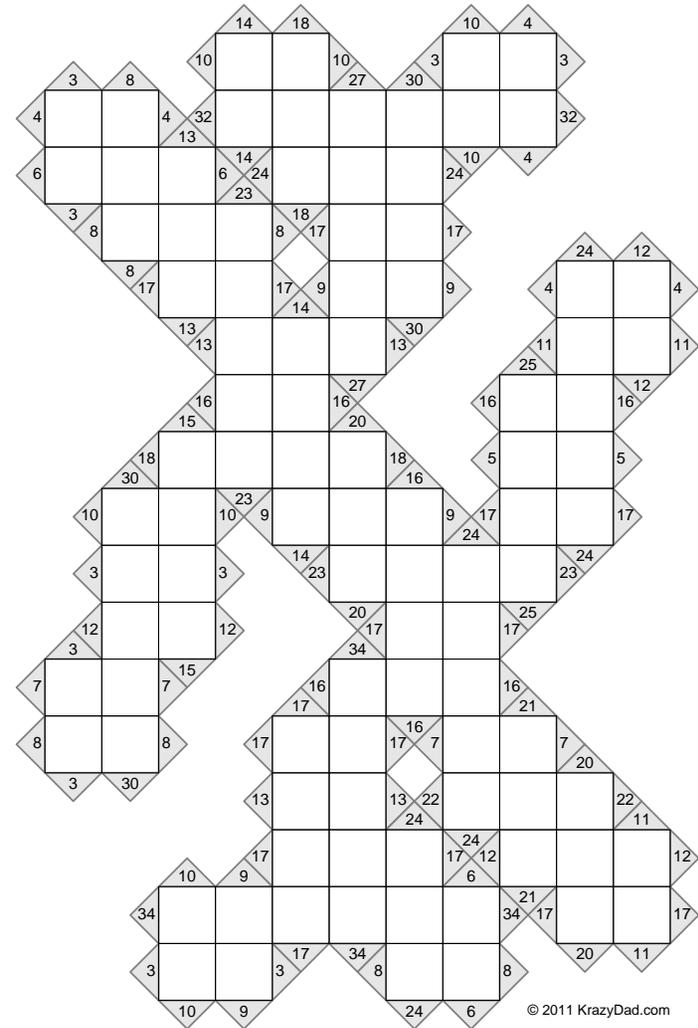

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.
