Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

Absent: Exposed to the attacks of friends and acquaintances; departed; slandered.

As long as war is regarded as wicked, it will always have its fascination. When it is looked upon as virtuous, it will cease to be popular. -- Oscar Wilde
