Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

"Love is the only sane and satisfactory answer to the problem of human existence."
 -- Erich Fromm

There is none made so great, but he may both need the help and service, and
 stand in fear of the power and unkindness, even of the meanest of mortals.
 -- Seneca
