*If a man do not erect in this age his own tomb ere he dies, he shall live no longer in monument than the bell rings, and the widow weeps.*  
-- Shakespeare

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.
