Kakuro puzzles are like a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

The revolution will not be televised.

The circumstances of the modern world make nonsense of the pretensions to moral or intellectual grandeur. -- Lewis Lapham
