Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

On a clear disk you can seek forever.

Never feel self-pity, the most destructive emotion there is. How awful to be caught up in the terrible spiral cage of self. --Mildred Tenwick
