

Kakuro #1

11x17 Kakuro Puzzles by KrazyDad, Volume 9, Book 38

© 2014 KrazyDad.com

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

The best defense against logic is ignorance.

Hide's Law: If you have a difficult task, give it to a krazy person -- they will find an easier way to do it.

"I don't deserve this award, but I have arthritis and I don't deserve that either."
-- Jack Benny

Field's revelation: If you see a man holding a clipboard and looking
offered, the chances are good that he is supposed to be doing something
important.
