

Kakuro #3

11x17 Kakuro Puzzles by KrazyDad, Volume 9, Book 47

© 2014 KrazyDad.com

*"It's pleasant, sure, to see one's name in print. A book's a book, although there's nothing in it."
-- Lord Byron*

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

*"I must have a prodigious quantity of mind; it takes me as much as a week sometimes to make it up."
-- Mark Twain, "The Innocents Abroad"*

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.
