Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

Our concern is not how to worship in the catacombs but how to remain human in the skyscrapers.

*Faith: Belief without evidence in what is told by one who speaks without knowledge, of things without parallel.
-- Ambrose Bierce*
