

Kakuro #3

12x12 Kakuro Puzzles by KrazyDad, Volume 11, Book 47

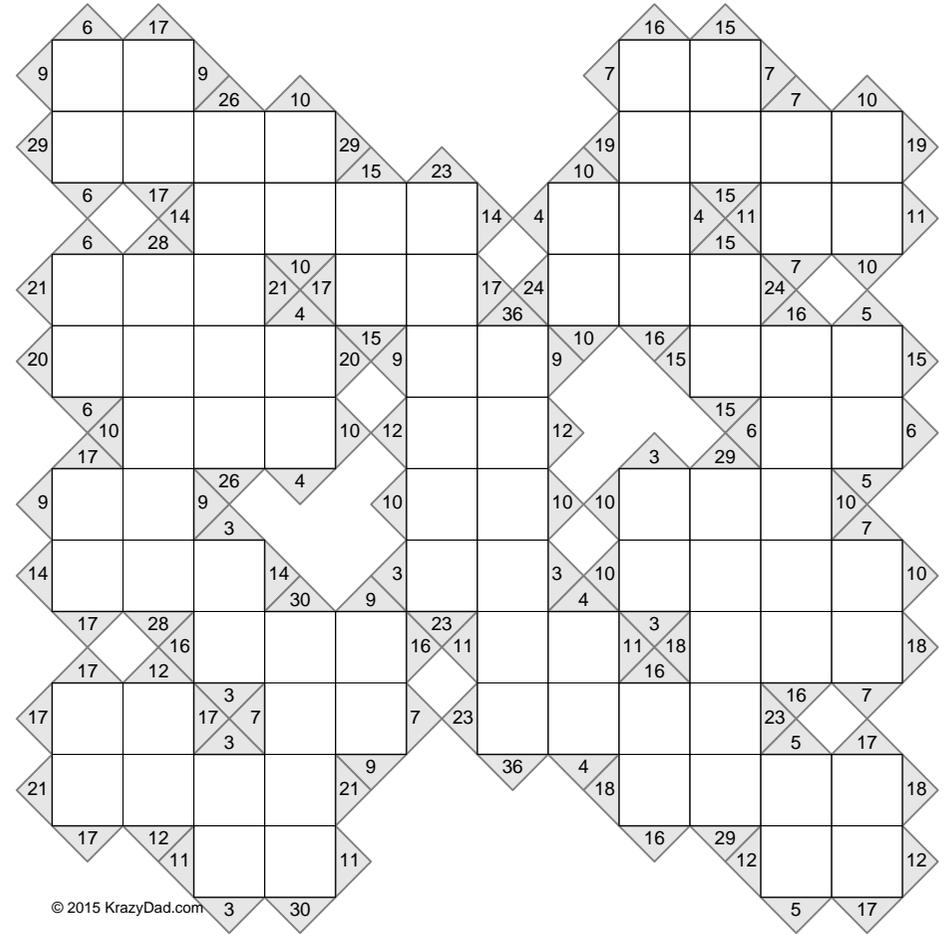

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

*Nothing is illegal if one hundred businessmen decide to do it.
-- Andrew Young*

Kakuro #5

12x12 Kakuro Puzzles by KrazyDad, Volume 11, Book 47

A 12x12 Kakuro puzzle grid with various numbers in the triangular cells. The grid is composed of squares, with some squares being empty and others containing numbers. The numbers are placed in the triangular cells at the corners of the squares. The puzzle is designed to be solved by filling in the empty squares with digits 1-9, ensuring that the sum of the digits in each row and column matches the clue in the triangular cell.
