

Kakuro #3

12x12 Kakuro Puzzles by KrazyDad, Volume 11, Book 67

'Tis not in mortals to command success: But we'll do more, Sempronius -- we'll deserve it.
 -- Addison

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

Kakuro #4

12x12 Kakuro Puzzles by KrazyDad, Volume 11, Book 67

Chisn's Law of Completion:
The amount of time required to complete a government project is
precisely equal to the length of time already spent on it.

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

Kakuro #6

12x12 Kakuro Puzzles by KrazyDad, Volume 11, Book 67

Wit sometimes enables us to act rudely with impunity.
 -- Duc de La Rochefoucauld
 (In other words, to step on a man's toes without spoiling his shoeshine.)

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.
