Now hatred is by far the longest pleasure. Men love to hate, but they detest it least.
-- Byron

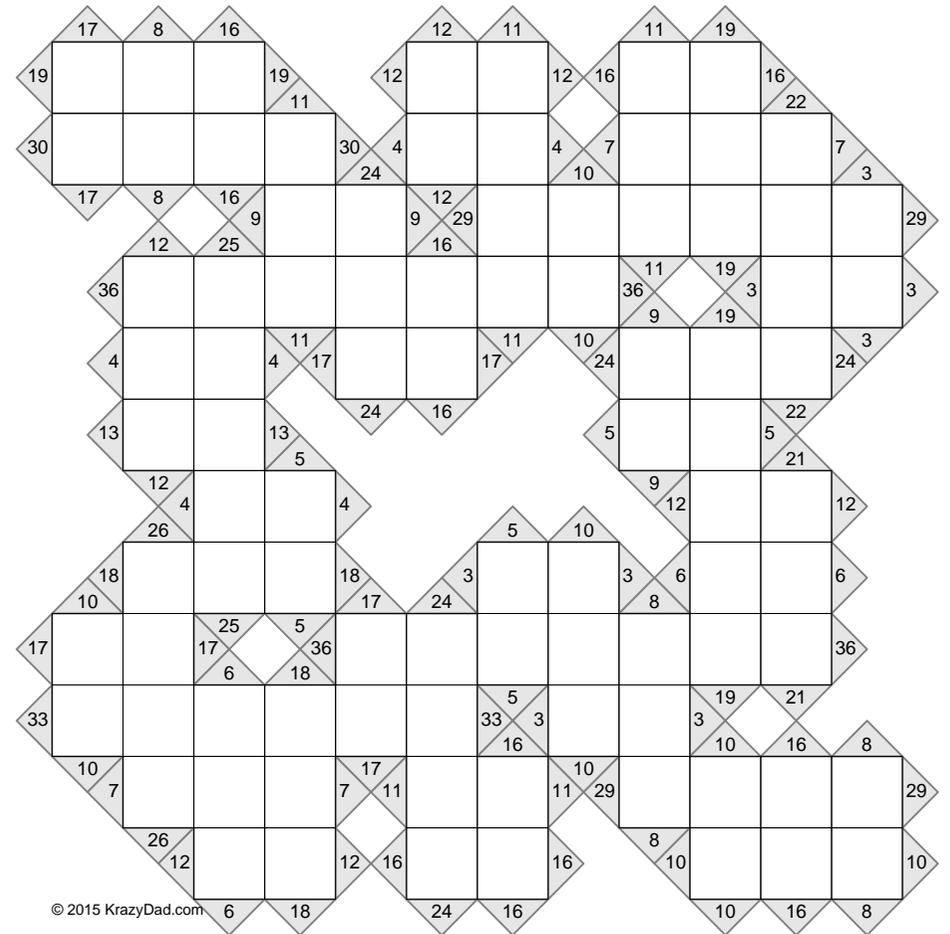

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

If you can't be good, be careful. If you can't be careful, give me a call.

If you've already donated, thank you so much! My family and I really appreciate your support.
