

Kakuro #1

12x12 Kakuro Puzzles by KrazyDad, Volume 11, Book 88

Be careful who you step on the way up; you never know who you'll pass on the way down.

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.
