12x12 Kakuro Puzzles by KrazyDad, Volume 11, Book 92

Excess of grief for the deceased is madness; for it is an injury to the living, and the dead know it not.
--Aeschylus

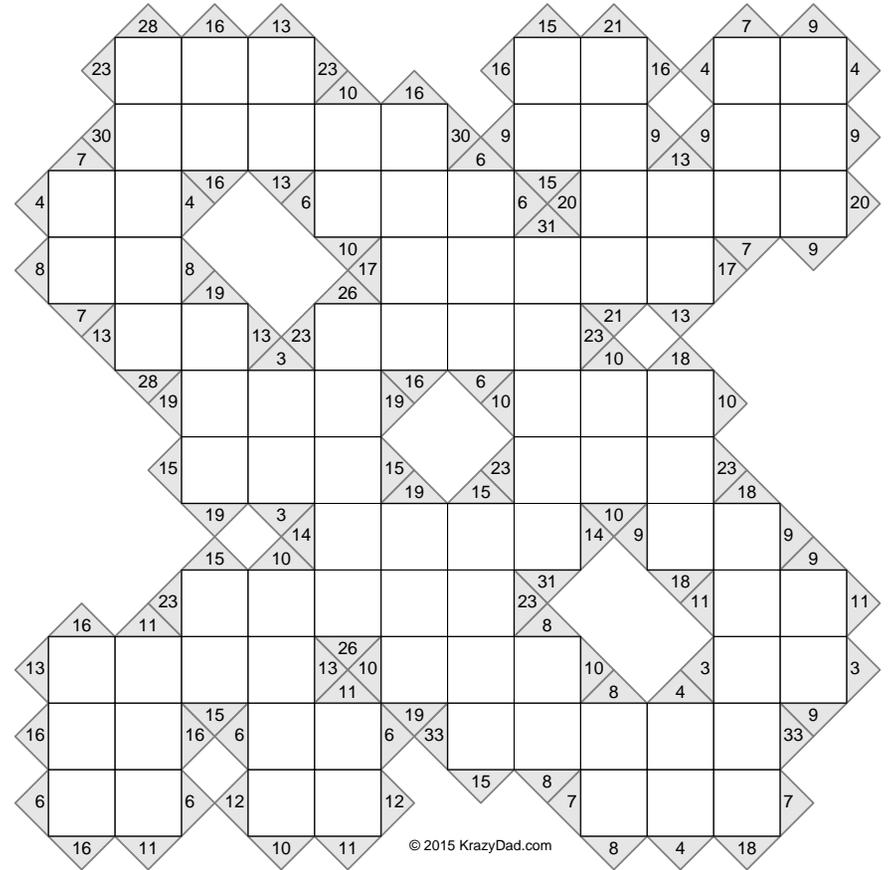

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.
