

Kakuro #1

6x6 Kakuro Puzzles by KrazyDad, Volume 12, Book 48

Blessed is he who has reached the point of no return and knows it, for he shall enjoy living.
- W. C. Bennett

Kakuro puzzles are like a cross between a crossword and a Sudoku puzzle. Instead of letters, each block contains the digits 1 through 9. The same digit will never repeat within a word. If you add the digits in a word, the sum will be the number shown in the clue. Clues are shown on the left and right sides of "across" words, and on the top and bottom sides of "down" words.

Time was invented so that you don't have to do everything all at once. Space was invented so you don't have to do everything all in the same place.

A good memory does not equal pale ink.
