Has everyone noticed that all the letters of the word "database" are typed with the left hand? Now the layout of the QWERTYUIOP typewriter keyboard was designed, among other things, to facilitate the even use of both hands. It follows, therefore, that writing about databases is not only unnatural, but a lot harder than it appears.

If an author write better than his contemporaries, they will term him a plagiarist; if as well, a pretender; but if worse, he may stand some chance of commendation as a genius of some promise, from whom much may be expected by a due attention to their good counsel and advice.

-- Colton
