*A man who knows the world will not only make the most of everything he does know, but of many things that he does not know; and will gain more credit by his adroit mode of hiding his ignorance than the pendant by his awkward attempt to exhibit his erudition.*

*Has everyone noticed that all the letters of the word "database" are typed with the left hand? Now the layout of the QWERTYUIOP typewriter keyboard was designed, among other things, to facilitate the even use of both hands. It follows, therefore, that writing about databases is not only unnatural, but a lot harder than it appears.*
