Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

A light supper, a good night's sleep and a fine morning have often made a hero out of the same man, who, by indigestion, a restless night and a rainy morning would have made a coward.
 -- Chesterton

12	16	9	13	10	8	11	23	24
32	33	17	14	27	28	65	60	61

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you used to solve the puzzle. Follow the order of the squares in order 1, 2, 3 until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
