I do not know how it is with you, but for myself I generally give up at the  
 outset. The simplest problems which come up for me are today seem to me quite  
 unanswerable as they are up to the surface.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you used to solve the puzzle. Follow the order of the squares in order 1, 2, 3 until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
