Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

"Do not let what you cannot do interfere with what you can do."  
 -- John Wooden

Work Rule: Men employees will be given off one evening each week for courting purposes, or two evenings a week if they go regularly to church.

Work Rule: Death (Other Than Your Own) -- This is no excuse. If you can arrange for funeral services to be held late in the afternoon, however, we can let you off an hour early, provided all you work is up to date.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
