Killer Sudoku #1

Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

The only thing that hurts more than paying an income tax is not having to pay an income tax.

Killer Sudoku #2

Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

*"Jealousy is not so much the love of another as the love of ourselves."
-- Francois de La Rochefoucauld*

Idleness is the holiday of fools.

The one real object of education is to have a man in the condition of continually asking questions.
-- Bishop Mandell Creighton

History is curious stuff
You'd think by now we had enough
Yet the fact remains I fear
They make more of it every year.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
