Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

An idea, like a ghost (according to the common notion of a ghost) must be spoken to a little before it will explain itself.
- Charles Dickens

If you make people think they're thinking, they'll love you; but if you really make them think they'll hate you.

Far duller than a serpent's tooth it is to spend a quiet youth.

35	32	10	76	77	78	14	15	13
40	41	42	6	58	56	16	18	17

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use. Put the numbers in the numbered squares in order 1, 2, 3 until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
