Killer Sudoku #1

Killer Sudoku #2

Of all mankind, each loves himself the best.
-- Terence

All policy interventions in social problems produce the intended effect -- If the research is carried out by those implementing the policy or their friends.
-- James Q. Wilson

Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

"The reason there are two senators for each state is so that one can be the designated driver."
-- Jay Leno

While you don't greatly need the outside world, it's still very reassuring to know that it's still there.

Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Praise the Power that hath made and preserved us a nation! Then conquer we must, when our cause is just, And this be our motto: "In God we trust"; And the star-spangled banner, O long may it wave O'er the land of the free, and the home of the brave.
-- Francis Scott Key

"I hate flowers - I paint them because they're cheaper than models and they don't move."
-- Georgia O'Keeffe

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3,... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
