Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

The society which scorns excellence in plumbing because plumbing is a humble activity and contempt for art because good art requires shovel-work in philosophy because philosophy is an exactitude. Neither its pipes nor its theories will hold water.  
 --John W. Gardner

Things are more like they used to be than they are now.

8	9	33	28	29	15	17	14	13
24	30	23	27	21	16	76	77	20
25	37	38	26	22	31	81	78	18

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use. Put the numbers in the numbered squares in order 1, 2, 3 until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
