Killer Sudoku #1

"All this worldly wisdom was once the unamiable heresy of some wise man."
-- Henry David Thoreau

© 2017 KrazyDad.com

Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

Killer Sudoku #2

"To affect the quality of the day, that is the highest of arts."
-- Henry David Thoreau

Coronation: The ceremony of investing a sovereign with the outward and visible signs of his divine right to be blown skyhigh with a dynamite bomb.
-- Ambrose Bierce

Consistency is the product of small minds.
-- Merle P. Martin

Fill in the blank squares so that each row, each column and each
3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits.
These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

Killer Sudoku #5

Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

*Beware of entrance to a quarrel; but being in, bear it that the opposer may beware of thee.
-- Shakespeare*

Killer Sudoku #6

Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

How do you uncover greatness in a city so poor that a man will provoke another man into an argument just so that his donkey can be eating the other man's grass while they argue?

55	7	79	64	75	80	65	56	66
1	6	81	67	76	77	68	57	5

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
