Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

If the work of God could be comprehended by reason, it would be no longer wonderful, and faith would have no merit if reason provided proof.
 -- Pope Gregory I

Loan department manager: "There isn't any fine print. At these interest rates, we don't need it."

He is the encyclopedia of facts. The creation of a thousand forests is in
 one acorn; and Egypt, Greece, Rome, Gaul, Britain, America, lie folded already
 in the first man.
 -- Ralph Waldo Emerson

We're all going down the same road in different directions.
 -- Dave Farber

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
