Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

*Speer's 1st Law of Proofreading:  
The visibility of an error is inversely proportional to the number of times you have looked at it.*

The person you rejected yesterday could make you happy, if you say yes.

But soft you, the fair Ophelia:  
Ope not thy windows and make the jaws  
Of that poor soul, that feeds his bow  
-Mark Twain, "The Bard" Twain

*Rupe's Rule:  
If you don't care where you are, you ain't lost.*

*Of all the agonies of life, that which is most poignant and harrowing -- that which for the most part humiliates reason and makes our whole civilization one decimated, mangled heap of bones -- that which has been the most common one perpetrated, mankind has never where we placed all the trust of love.*  
-- Bulwer
