Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

Good night to spend with family, but avoid arguments with your mate's new lover.

By the data to date, there is only one animal in the Galaxy dangerous to man
-- man himself. So he must supply his own indispensable competition. He has no
enemy to help him.
-- Lazarus Long

33	34	7	50	51	5	4	8	52
45	41	3	81	75	12	9	65	53

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3,... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
