Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

It is amusing that a virtue is made of the vice of charity; and it's a pretty odd sort of charity of him, which leads men straight into the sin of Omission, and girls - Voltaire

The rights we have today we may consider natural rights, but they were won by blood, sweat, sacrifice, and death. -- Dwight D. Eisenhower

The way to avoid the imputation of impudence is not to be ashamed of what we do, but never to do what we ought to be ashamed of. -- Jilly

SUCCESS: Living long enough to be a burden on your children.

Friends: people who borrow my books and set wet glasses on them.

He who sedulously attends, pointedly asks, calmly speaks, coolly answers, and ceases when he has no more to say, is in possession of some of the best qualities of a man.
—Lambert.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you used to solve the puzzle. Follow the order of the squares in order 1, 2, 3 until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
