Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

 Thank you!

When you're away, I'm restless, lonely,
 Wretched, bored, dejected; only
 Here's the rub, my darling, dear,
 I feel the same when you are near.
 -- Samuel Hoffenstein, "When You're Away"

He that will not apply new remedies must expect new evils, for time is the
 greatest innovator.
 -- Francis Bacon

When you know absolutely nothing about the topic, make your forecast by
 asking a carefully selected probability sample of 300 others who don't know
 the answer either.
 -- Edgar R. Fiedler

Despoils govern by terror. They know that he who fears God fears nothing else; and, therefore, they eradicate from the mind, through their Voltaire, the Heliothius, and the rest of that infamous gang, that only sort of fear that generates true courage.
 -- Burke

In Fame's temple there is always a niche to be found for rich dances, impudicate scoundrels or successful butchers of the human race.
 -- Zimmernum

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
