Work Rule: Leave of Absence (for an Operation) -- We are no longer allowing this practice. We wish to discourage any thoughts that you may not need all of whatever you have, and you should not consider having anything removed. We hired you as you are, and to have anything removed would certainly make you less than we bargained for.

Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

When I was a child, love to me was what the sea is to a fish: something you swim in while you are going about the important affairs of life.
 ---P. L. Travers

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3,... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
