Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

"All generalizations are false, including this one."
— Mark Twain

The consciousness of clean linen is in and of itself a source of moral strength only, second to that of clean conscience; a well-ironed collar, or a fresh glove, has carried many a man through all emergency in which a wrinkle or a rip would have defeated him.
— E. E. Phelps

75	64	60	53	61	54	45	46	47
76	77	65	55	12	56	2	32	29

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
