Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

No books are lost by lending except those you particularly want to keep.
-- Alden Atwood

Do not go gentle into that good night,
 Old age should burn and rave at close of day;
 Rage, rage against the dying of the light.
 -- Dylan Thomas

22	34	35	23	31	7	8	9	24
25	32	10	26	33	4	57	58	27

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
