Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

"Personality is everything in art and poetry."
 -- Johann Wolfgang von Goethe

*Deep in the nature of all these noble races there lurks unmistakably the
 beast of prey; the blond beast, lustfully roving in search of booty and
 victory.*
 -- Frederick Nietzsche

63	24	80	81	25	64	28	52	50

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3,... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
