Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

*If you've already donated, thank you so much!
My family and I really appreciate your support.*

*"What do you give a man who has everything?" the pretty teenager asked her mother.
"Encouragement," dear," she replied.*

You are in a maze of twisty little passages, all alike.

Love is strong as death. Many waters cannot quench love, neither can the floods drown it: if a man would give all the substance of his house for love, it will be accepted. — Solomon's Song VIII, 6,7

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you used to solve the puzzle. Follow the numbered squares in order 1, 2, 3 until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
